Date: 8-30-2016  
Company: SocialCare by Health Symmetric, Inc.  
Product Name: SocialCare Open API Platform™  
Version: 1.0

For public release and exact language used for our website and marketing distributions:

The SocialCare Open API Platform™ is a comprehensive, “REST API” software Platform that fully complies with the Fast Healthcare Interoperable Resources (FHIR) standard which describes data formats and elements for exchange of health information across disparate EHR and business systems. The SocialCare Open API platform communicates bi-directional.

### Cost and Limitations

SocialCare Open API Platform™ requires:

- A one-time license fee plus a flat annual maintenance fees, -OR-
- A monthly subscription fee for a defined number of users and/or transactions under a Software as a Service (SaaS) model, -OR-
- A transaction-based service fee model (per transaction/service, defined as an API call and/or query).

Contracting requirements: These can be contracted on a monthly, annual, or a multi-year contract.

Additional costs: There are no requirements to use third party products or services to use the ONC certified features. There are advance services and features which may be added. For transitions of care summaries 170.314(b)(1) Data Motion was used as the third party transport and HISP.

The SocialCare Open API Platform utilizes the requirements set forth in: 170.315(b)(1) Transitions of Care, 170.315(d)(1) Access Control and Authorization, 170.315(d)(9) Trusted Connection, 170.315(d)(2) Auditable Events and Tamper-resistance, 170.315(d)(3) Audit Reports, 170.315(d)(5) Automatic Access Time-Out, 170.315(d)(6) Emergency Access, 170.315(d)(7) End-User Device Encryption, 170.315(d)(8) Integrity, 170.315(g)(4) Quality Management System, 170.315(g)(5), Accessibility Compatibility, 170.315(g)(6) Consolidated CDA Creation, 170.315(g)(7),

Application Access – Patient Selection, 170.315(g)(8) Application Access – Data Category Request, and 170.315(g)(9) Application Access – All Data Request.

Technical or Practical Limitations: There are no contractual limitations related to the certified product that would limit the user's ability to use any of the ONC certified features. For transitions of care summaries 170.314(b)(1) Data Motion was used as the third party transport and HISP.

There are no known limitations beyond the requirements defined in the API client registration, which requires SocialCare Open API Platform access to utilize the Platform and Services. More detail on this process can be found here:
